Company Profile

Founded in 1991, PT. Bina Kreatif Swakarsa is a full service general contractor, specialising in a full spectrum of integrated solutions in shipbuilding, constructions and building maintenance. The founder, Tan Bun Ihiang, has been in the forefront of civil works since year 1986. Under his leadership and with a strong team dynamic, the Company has been growing into one of the largest construction and contracting company in Batam, Indonesia.

People are PT. Bina Kreatif Swakarsa Company's greatest asset in which contributes to a successful project. Currently the Company has about 200 combined seasonal and full-time employees, including several graduate engineers. Several of our foremen and operators have over 20 years of experience in marine and construction industries.

In its 20 years of existence, PT. Bina Kreatif Swakarsa has completed over 100 projects include shipbuilding, commercial, resident and institutional. With the experience it has gained in the field of marine and construction, Company is eligible for sole participation in tenders in well-known Corporations (for example PT. Jaya Asiatic Shipyard, PT. Sumber Samudra Makmur, PT. Citra Shipyard, PT. Teguh Metta Internusa, and PT. Batamindo Investment Cakrawala) to take up mega projects.

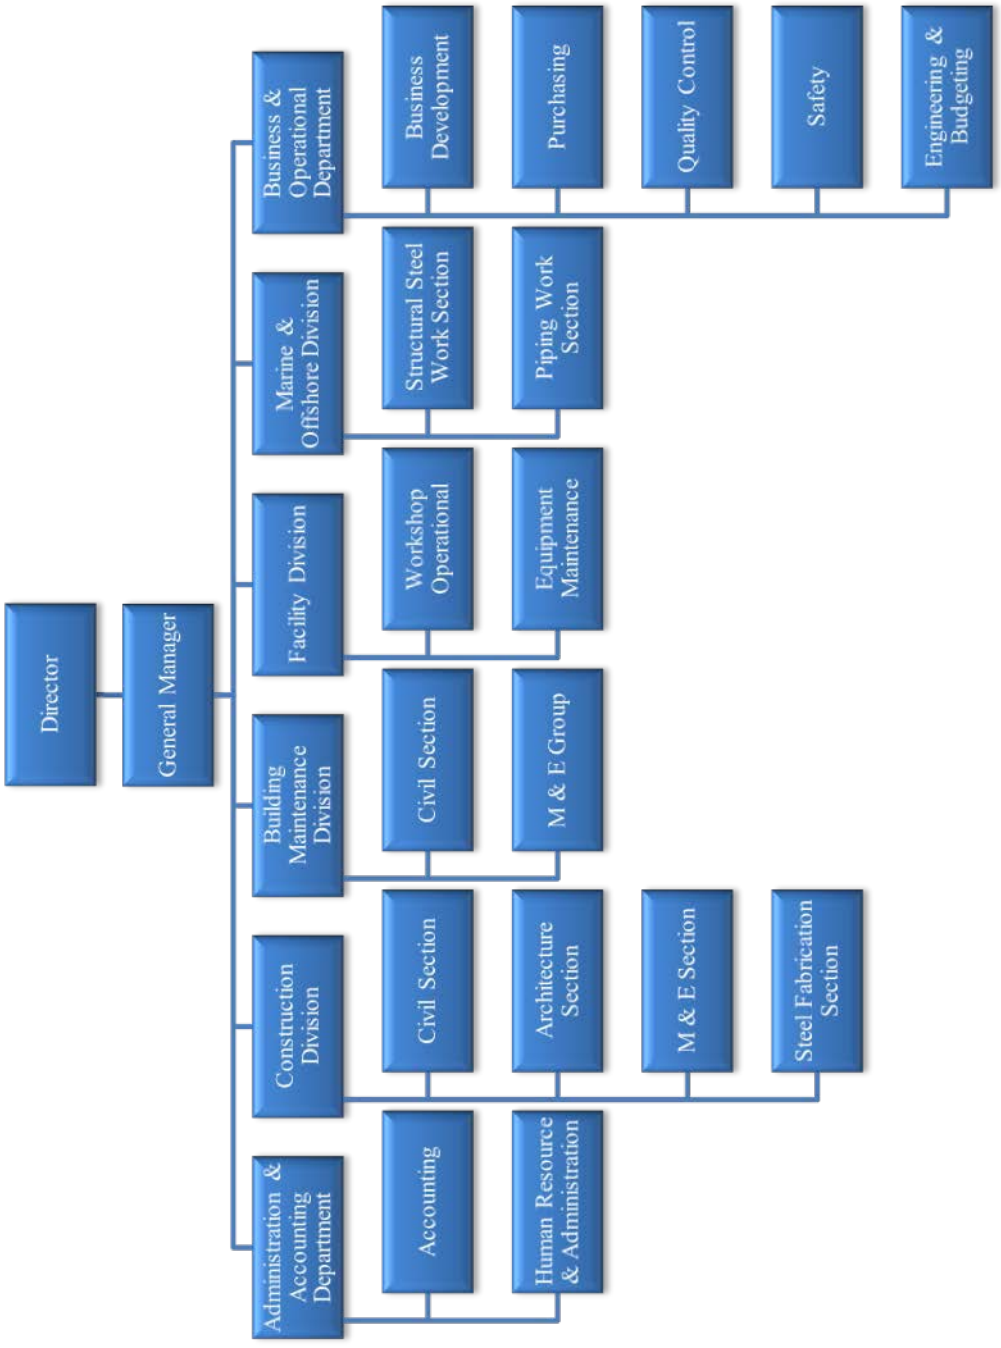

Vision and Mission

Our vision is to be a recognized leader in marine and civil engineering and construction:

- ✓ Success will serve as fuel for further improvement and development.
- ✓ Clients and partners will see PT. Bina Kreatif Swakarsa as a symbol of performance, relying on us to contribute to their personal success. We are committed to deliver top quality services and research and anticipate their needs to maximize potential.
- ✓ Our employees are our most valued resource. We understand the importance of constantly investing in our employees. Our vision implies creating increasingly more opportunities for people that is dedicated, and rewards their success accordingly.
- ✓ Communities: by implementing sound management of resources and personnel, and fact-founded decision-making we will reach uniform recognition locally, as well as globally.
- ✓ Expansion: our vision extends over physical borders, and we aim to contribute to as large a scale as possible

The company's mission statement is to provide top quality service in the constructions niche and satisfy customers' needs profusely. Our mission gives us framework to evaluate the opportunities that we have in order to contribute nationally, as well as globally and also allows us to decide how to invest our energy and focus in order to further define our brand as a leader in integrity, innovation and expertise.
